Induction functions

Power limiter
Set different levels of power absorption.

Warm
Keep food warm.

Bridge
Pairs up two cook zones.

Booster
Increase the working power of the cooking zone.

Lock
Child safety lock and Locking function for rapid cleaning.

Timer
Select a time of the cooking zone.

Pan detection
The cooking zones recognizes the pan in its place.

Pause
Pause the cooking zones.

Minute minder
Set a count-down time on the hob.
